The TSWREI Society along with the quality education in the institutions, also provides a range of amenities to the students, including the recommended textbooks. In addition to these textbooks, reference books for all subjects are made available in the libraries. However, for many of the subjects there are no textbooks in the market as per the updated syllabus. Further, very few publishers in the market adhere to the quality standards. Hence, to ensure the timely supply of good quality learning material to the students of RDCs, the Higher Education Wing, TSWREIS is initiating content development program by the lecturers of TSWRDCs.

In this regard, HE Wing hereby invites registrations from the lecturers of TSWRDCs to participate in the content development project. Interested lecturers can register themselves [here](#). Post registration, all the applicants are informed to send a SOP and a short sample content (300 to 500 words) on one of the prescribed topics from the 1st/3rd/5th semester syllabus of their respective subjects. The sample content along with the SOP can be emailed to osd.acadone@gmail.com (for all Sciences) and osd.acad2@gmail.com (for Arts and Humanities).

Last date to submit the SOP and write up is 13.06.2022.

The list of selected lecturers (selection will be purely based on the SOP, write-up submitted and previous publication records) will be communicated to the Principals by 18.06.2022.

All the selected lecturers will be attending an intensive workshop on content development tentatively scheduled on 24th and 25th of June, 2022 at Kanha Shantivanam. The lecturers will also be mentored by the mentors (most senior professors/academicians) throughout the content development process.
